

Winterschool on Theoretical Astrophysics

7–18 January 2013

Nordita, Stockholm, Sweden

NORDITA

The school is mainly intended for PhD students and young postdocs from the Nordic countries. Accepted applicants will receive financial support for travel expenses and accomodation will be provided. Applications should include a one page CV and a recommendation letter (e.g. from the supervisor). Applications are accepted electronically using the website below for the school.

DEADLINE FOR APPLICATIONS:
20 November 2012

TOPICS:

*Black hole accretion discs
Gamma-ray bursts and
their afterglows
Particle acceleration and
relativistic shocks
Neutron star mergers and
gravitational waves
Extragalactic CRs and
high-energy neutrinos*

LECTURERS:

*Marek Abramowicz (Gothenburg)
Michael Kachelriess (Trondheim)
Aake Nordlund (Copenhagen)
Juri Poutanen (Oulu)
Stephan Rosswog (Stockholm)
Felix Ryde (Stockholm)
B.S. Sathyaprakash (Cardiff)*

ORGANIZERS:

*Axel Brandenburg
Claes Fransson
Jari Poutanen
Lárus Thorlacius*
